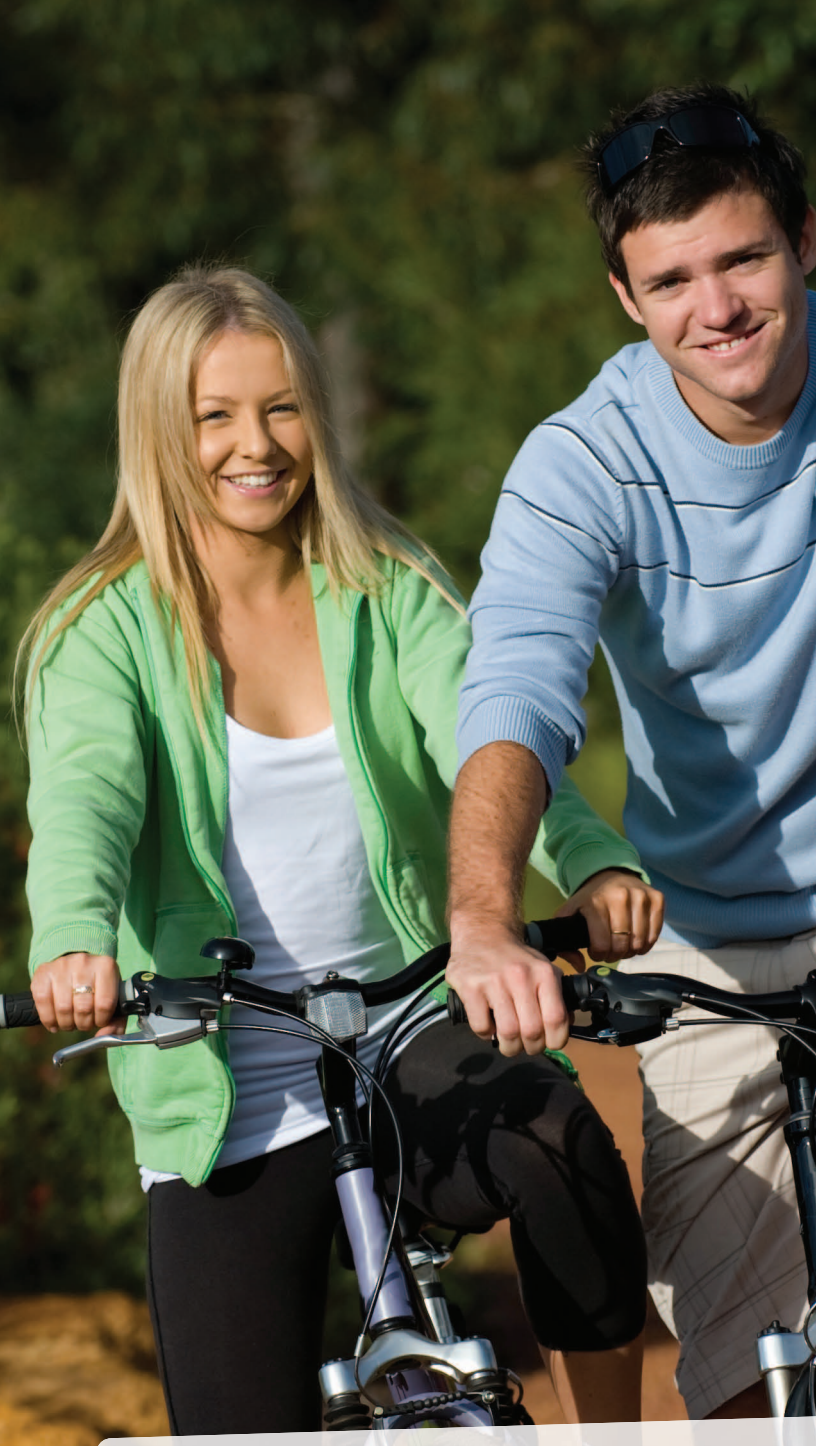
COBR20003SPR Rev. 12/11



Our plans fit the way you live.

In a world that's constantly changing, one thing's for certain: it's important to have health care coverage you can depend on – coverage designed to help fit your budget, and your way of life.

For over 30 years, Anthem has provided health care coverage and security to our Colorado neighbors. We're pleased to offer these same individual health care plans with the added benefits and features of the Affordable Health Care Act.

You're in charge of your health and budget, and our Individual health care plans help keep it that way. We offer a wide range of valuable coverage options as unique as you are. And if you have any questions, we're here to help.

Experience you can rely on

Anthem is committed to helping simplify your life and improving your health. That's why we offer:

- **One of the largest provider networks in Colorado.** With nearly 7,500 doctors and over 75 hospitals throughout the state, chances are your doctor is in our network.
- **A choice of plans to fit your budget and lifestyle.** No matter where you are in life, we've got a plan designed to fit your health coverage needs, as well as your budget.
- **Optional dental and term life insurance.** To enhance your health and your family's financial future, we also offer dental and term life coverage and make it easy to enroll.
- **Coverage that travels with you.** No matter where life takes you, your health coverage goes with you. And the BlueCard® program makes it easy to access providers throughout the country.

Why do you need health care coverage?

These days, an average stay in the hospital can cost more than $30,000.* The financial risk you take without health coverage just isn't worth it. Not only does health coverage help you stay healthy, it also gives you added security, because you know you're protected against the high cost of unexpected medical bills.

* Based on 2009 weighted national estimates from HCUP National Inpatient Sample (NIS), Agency for Healthcare Research and Quality (AHRQ), based on data collected by Individual states and provided to AHRQ by the states. (Average stay of 4.6 days; average cost to uninsured of $30,655.)

Some definitions so we're all on the same page

Network Discounts: With Anthem Blue Cross and Blue Shield you have access to one of the largest provider networks in the state. These network (or participating) providers have agreed to accept lower costs for their covered services to Anthem members — similar to volume discounts. These negotiated costs help reduce the overall cost of covered medical services, including your share of those costs.

This is true whether you are paying the entire cost for covered services (such as while you are meeting your deductible), or whether we are sharing the cost. With nearly 7,500 doctors and over 75 hospitals, chances are your provider already participates. Just visit a network provider to take advantage of the savings.

With our PPO plans, you can always choose to receive services outside the network, but your share of the cost will be greater.*

Cost-Sharing: The costs of medical care today can be staggering. Health care coverage from Anthem Blue Cross and Blue Shield can help protect you against these high costs. With most health care coverage, you pay a monthly premium, then you share some of the cost of covered medical care with the company that provides your health care coverage. The level of cost-sharing you choose directly impacts your premium amount. The more you are willing to share in the costs, the lower your premium. With Anthem, you can choose your level of protection and the level of cost-sharing that works best for your health care needs and budget.

Deductible is the amount you have to pay each calendar year (annually) for covered services before your health care plan starts paying. For some services, the plan will even begin to pay before the deductible is met. Usually, the higher a plan's deductible, the lower the premium. In some cases, you may also have a separate deductible for certain services such as prescription drugs.

Coinsurance is the percentage of the cost of covered services that you will be responsible for, after your annual deductible is met. With some plans, you have a choice of coinsurance levels. Much like your deductible, selecting a higher coinsurance typically lowers your monthly premium because it increases your share of the cost.

Copayment (or Copay) is a specific dollar amount you have to pay for certain covered services.

Out-Of-Pocket Maximum is the most that you would pay in a calendar year for deductible and coinsurance for network covered services. Once you reach this maximum, the plan pays at 100% for most services for the rest of the calendar year.

Prescription Drugs are medications that must be authorized for use by your doctor. Anthem offers varying levels of prescription drug coverage. Depending on the plan, you may have coverage for generic drugs or generic and brand name drugs.

Generic Drugs are prescription drugs that typically have been in use for some time and can be manufactured and distributed by numerous companies, so their cost is usually much lower. Generic drugs must, by law, contain the same active ingredients as their brand name equivalent and have the same clinical benefit.

Brand Name Drugs are prescription drugs that are manufactured and marketed under a registered name. They are usually patented and may be exclusively offered by certain manufacturers.

Specialty Drugs are typically high cost, scientifically engineered drugs used to treat complex, chronic conditions. They require special handling and usually must be shipped directly to the user.

Formulary is a list of prescription drugs our health care plans cover. They include generic, brand name, and specialty drugs that have been rigorously reviewed and selected by a committee of practicing doctors and clinical pharmacists for their quality and effectiveness. We've negotiated lower prices on these formulary drugs, so you'll save when your doctor prescribes medication from our formularies. There can be different formularies for different health care plans.

*Unlike participating providers, non-participating providers may send you a bill and collect for the amount of the provider's charge that exceeds the maximum allowed amount. Customer service is available to assist you in determining your plan's maximum allowed amount for a particular service from a non-participating provider.

SmartSense® Plus

Is this the right plan for you?

SmartSense Plus was designed to offer affordable, solid protection without a lot of bells and whistles that may not be important to you.

SmartSense Plus Plan Highlights

SmartSense Plus offers affordable price options, solid protection that covers essentials and even some immediate benefits before the deductible.

Features:

- First three Doctors' Office Visits with predictable copays, per plan member, each calendar year before having to meet your deductible.
- Preventive care benefits help focus on keeping you healthy.
- Choice of two prescription drug coverage options.

You should know:

- After first three Doctors' Office Visits, all other visits are covered after the deductible.

Prescription Drug Coverage

The cost of prescription drugs can be overwhelming, so SmartSense Plus includes prescription drug coverage to help you manage those costs.

SmartSense Plus prescription drug coverage includes the following tiers which represent a cost level within the generic and brand name prescription drug categories.

- **Drug Formulary:** This is a special list of prescription drugs the SmartSense plan covers. We've negotiated lower prices on these formulary drugs, so you'll save when your doctor prescribes from the Plan Formulary.
- **Tier 1:** These drugs have the lowest copay and include generic medications.
- **Tier 2:** These drugs have a higher copay than those in Tier 1 and include formulary brand name medications.
- **Tier 3:** These drugs have a higher copay than those in Tier 2 and include non-formulary brand name medications.
- **Specialty:** These are typically high-cost, scientifically engineered drugs and are paid at a coinsurance level instead of copay.

How to Customize your SmartSense Plus Plan

With SmartSense Plus, you have some choice and flexibility to change the plan to better meet your needs. SmartSense offers a choice of:

Deductible: You can usually lower your premium by choosing a higher deductible. Simply choose the deductible and premium combination that works best for you.

Upgrade Drug Coverage: By choosing the Upgrade Drug Coverage option (for an additional cost) you can lower your prescription drug deductible to $500, instead of the $7,500 prescription drug deductible (for Tier 2, 3 and Specialty) included in the standard drug coverage.

Other Optional Coverage: You can add more protection for you and your family by purchasing optional dental or life insurance. See the information at the back of this brochure.

Dental Coverage

Our Anthem Blue Dental PPO plan includes coverage for the basics, plus certain services like crowns, root canals and dentures. If you need a dental plan that offers important preventive services and a broad range of benefits, this could be the right plan for you.

There are currently no Anthem Blue Dental PPO-contracted dentists available in Archuleta, Baca, Bent, Chaffee, Cheyenne, Crowley, Custer, Dolores, Eagle, Elbert, Gilpin, Grand, Gunnison, Hinsdale, Jackson, Kiowa, Mineral, Moffat, Ouray, Phillips, Pitkin, Rio Blanco, Saguache, San Juan, San Miguel, Sedgwick, Washington and Yuma counties.

Non-network providers will bill members for amounts over what the member's plan pays, up to their usual charge.

The procedures in this brochure are a sample of covered services available to a member. Members who need assistance in determining the maximum payable amount to a non-network dentist may call us at the number on their ID card.

Save money by using our dental network

We have more than 1,600 participating dental PPO dentist locations in Colorado to choose from. While our dental PPO plan allows you to go to any dentist, you may save the most money when you choose one of the dentists in our PPO provider network. Even better, when you visit a network dentist, there is no deductible or member coinsurance for covered diagnostic or preventive services. For basic and major services, the calendar-year deductible is $50 per person (up to three deductibles per family) and must be satisfied before we will pay any benefits.

We believe the cost of our plans should be consistent with your expected health care needs and risk factors. That's why Anthem offers various levels of coverage. To determine individual medical risk factors, all enrollments are subject to medical underwriting. Depending on the results of the underwriting review, a number of things may happen:

- You may be offered coverage at the standard premium rate, or
- You may be offered the plan you selected at a higher rate, or
- You may not qualify for the plan(s) listed in this brochure, or
- You may be offered an alternate plan

If you have a significant medical condition and don't qualify for the plan you've chosen from this brochure or if you have discontinued group coverage, please contact your Anthem representative for information regarding other Individual coverage options.

Waiting Periods

For applicants age nineteen (19) and older there is a 12-month waiting period for coverage of any health condition, whether physical or mental, for which medical advice, diagnosis, care or treatment was recommended or received within 12 months preceding the coverage effective date. If you apply for coverage within 90 days of terminating your membership with another 'creditable' health care benefits plan, you may use your prior coverage for credit toward the 12-month waiting period. Anthem will credit the time you were enrolled in the previous plan. The pre-existing condition limitation does not apply to applicants under age nineteen (19). Consult with your Anthem agent or representative if you have a question about the underwriting process.

Guaranteed Renewability Of All Individual Health Policies

Anthem will not cancel or refuse to renew any Individual policy, except for the following reasons:

- Non-payment of premium
- Any act, practice or omission that constitutes fraud or an intentional misrepresentation of material fact by the insured
- Anthem elects to discontinue offering all Individual policies
- The state insurance commissioner finds that the continuation of the coverage would not be in the best interests of the policyholders

Network Access Plan

Anthem strives to provide a provider network that adequately addresses members' health care needs. The network access plan describes Anthem's provider network standards for network adequacy in service, access and availability, as well as assessment procedures for determining if the network continues to meet member needs. The network access plan is available on request for in-person review at our customer service department.

The form must be provided automatically within three business days to a potential policyholder who has expressed interest in a particular plan. The carrier also must provide the form, on oral or written request, within three business days to any person who is interested in coverage under, or who is covered by, a health care benefits plan of the carrier. If you would like a copy of the state mandated Colorado Health Plan Description Form, which provides information on health plan benefits, provider contract arrangements and other information, please contact your Anthem agent. For complete details about benefits, procedures, limitations and exclusions, please refer to the Health Plan Description Form and Certificate. In the event of a conflict between anything printed in this brochure and the Certificate, the terms of the Certificate will prevail.

Our case management services help you to better understand and manage your health conditions.

Prospective Review / Pre-Admission Review

Prospective review (also known as pre-service or pre-admission review) is the process of reviewing a request for a medical procedure or service before it takes place. The review occurs to ensure that: 1) the procedure is medically necessary and 2) the procedure meets your health care plan's specific guidelines prior to being performed. Requests for prospective review may include but are not limited to:

- inpatient hospitalizations
- outpatient procedures
- diagnostic procedures
- therapy services
- durable medical equipment

Prospective review is required for all elective inpatient admissions and certain outpatient services. The review process evaluates medical necessity and the best level of care and assigns expected length of stay if needed.

Concurrent Review

Concurrent review is an ongoing evaluation of a member's hospital stay, as well as ongoing extensions of services that may be needed (such as acute care facilities, skilled nursing facilities, acute rehabilitation facilities, and home health care services). The review includes physicians, member-assigned health care professionals (or member authorized representative) and takes place by telephone, electronically and/or onsite.

Concurrent review uses pre-set decision criteria in order to approve medical care (deemed to be medically necessary) and assign the right level of care for continued medical treatment. Review decisions are based on the medical information obtained at the time of the review. Concurrent review also helps to coordinate care with behavioral health programs.

Retrospective Review

The retrospective review process consists of obtaining information to determine medical necessity as it relates to services provided without approval or notice ahead of time (e.g. without pre-service notification). Relevant clinical information is required for the retrospective review process. Review decisions are based only on the medical information the doctor or other provider had at the time the member received medical care.

[1] "Network" refers to a specified group of physicians, hospitals, medical clinics and other health care providers that your plan may require you to use in order for you to get any coverage at all under the plan, or that the plan may encourage you to use because it may pay more of your bill if you use their network providers (i.e., go in-network) than if you don't (i.e., go out-of-network).

[2] "Deductible Type" indicates whether the deductible period is "Calendar Year" (January 1 through December 31) or "Benefit Year" (i.e., based on a benefit year beginning on the policy's anniversary date) or if the deductible is based on other requirements such as a "Per Accident or Injury" or "Per Confinement."

[2a] "Deductible" means the amount you will have to pay for allowable covered expenses under a health plan during a specified time period (e.g., a calendar year or benefit year) before the carrier will cover those expenses. The specific expenses that are subject to deductible may vary by policy. Expenses that are subject to deductible should be noted in boxes 8 through 31.

[2b] "Individual" means the deductible amount you and each individual covered by a non-HSA qualified policy will have to pay for allowable covered expenses before the carrier will cover those expenses. "Single" means the deductible amount you will have to pay for allowable covered expenses under an HSA-qualified health plan when you are the only individual covered by the plan.

[2c] "Family" is the maximum deductible amount that is required to be met for all family members covered by a non-HSA qualified policy and it may be an aggregated amount (e.g., "$3000 per family") or specified as the number of individual deductibles that must be met (e.g., "3 deductibles per family"). "Non-single" is the deductible amount that must be met by one or more family members covered by an HSA-qualified plan before any covered expenses are paid.

[3] "Out-of-pocket maximum" means the maximum amount you will have to pay for allowable covered expenses under a health plan, which may or may not include the deductibles or copayments, depending on the contract for that plan. The specific deductibles or copayments included in the out-of-pocket maximum may vary by policy. Expenses that are applied toward the out-of-pocket maximum should be noted in boxes 8 through 31.

[4] Medical office visits include physician, mid-level practitioner, and specialist visits, including outpatient psychotherapy visits for biologically based mental illness.

[5] Well baby care includes an in-hospital newborn pediatric visit and newborn hearing screening. The hospital copayment applies to mother if complication of pregnancy and well-baby together: there are not separate copayments.

[6] Prescription drugs otherwise excluded are not covered, regardless of whether preferred generic, preferred brand name, or non-preferred.

[7] "Emergency care" means all services delivered in an emergency care facility which are necessary to screen and stabilize a covered person. The plan must cover this care if a prudent lay person having average knowledge of health services and medicine and acting reasonably would have believed that an emergency medical condition or life- or limb threatening emergency existed.

[8] Non-emergency care delivered in an emergency room is covered only if the covered person receiving such care was referred to emergency room by his/her carrier or primary care physician. If emergency departments are used by the plan for non-emergency after-hours care, then urgent care copayments apply.

[9] "Biologically based mental illnesses" means schizophrenia, schizoaffective disorder, bipolar affective disorder, major depressive disorder, specific obsessive-compulsive disorder, and panic disorder.

[10] Waiver of pre-existing condition exclusions. State law requires carriers to waive some or all of the pre-existing condition exclusion period based on other coverage you recently may have had. Ask your carrier or plan sponsor (e.g., employer) for details.

[11] Grievances. Colorado law requires all plans to use consistent grievance procedures. Write the Colorado Division of Insurance for a copy of those procedures.

Health Benefit Plan Description Form Disclosure Amendment

Colorado law requires carriers to make available a Colorado Health Benefit Plan Description Form, which is intended to facilitate comparison of health plans. The form must be provided automatically within three (3) business days to a potential policyholder who has expressed interest in a particular plan. The carrier also must provide the form, upon oral or written request, within three (3) business days, to any person who is interested in coverage under or who is covered by a health benefit plan of the carrier.

Pursuant to Colorado law (C.R.S. §10-16-107(7)(a), services or supplies for the treatment of Intractable Pain and/or Chronic Pain are not covered.

This coverage is renewable at your option, except for the following reasons:

1. **Non-payment of the required premium;**
2. **Fraud or intentional misrepresentation of material fact on the part of the plan sponsor;**
3. **The commissioner finds that the continuation of the coverage would not be in the best interest of the policyholders, the plan is obsolete, or would impair the carrier's ability to meet its contractual obligations;**
4. **The carrier elects to discontinue offering and non-renew all of its individual plans delivered or issued for delivery in Colorado.**

Cancer Screenings

At Anthem Blue Cross and Blue Shield and our subsidiary company, HMO Colorado, Inc., we believe cancer screenings provide important preventive care that supports our mission: to improve the lives of the people we serve and the health of our communities. We cover cancer screenings as described below.

Pap Tests

Payment for an annual Pap test is based on the plan's laboratory services provisions, and payment for the related office visit is based on the plan's preventive care provisions.

Mammogram Screenings

All plans except our HMO and PPO Basic Health provide mammogram screening coverage for women in accordance with the "A" and "B" recommendations of the U.S. Preventive Services Task Force. Frequency guidelines can be found in your certificate. Payment for the mammogram screening benefit is based on the plan's provisions for X-ray services.

Prostate Cancer Screenings

All plans except our HMO and PPO Basic Health Plans provide prostate cancer screening coverage for men 40 years of age and older. Frequency guidelines can be found in your certificate. Payment for the prostate cancer screening benefit is based on the plan's provisions for X-ray services.

Colorectal Cancer Screenings

Several types of colorectal cancer screening methods exist. All plans provide coverage for colorectal cancer screenings, such as colonoscopies, sigmoidoscopies and fecal occult blood tests. Depending on the type of colorectal cancer screening received, payment for the benefit is based on the plan's provisions for laboratory services, preventive care office visit services, or other medical or surgical services. Our plans do not provide coverage for preventive colorectal cancer screenings involving invasive surgical procedures and DNA analysis.

The information above is only a summary of the benefits described. The certificate for each health plan includes important additional information about limitations, exclusions and covered benefits. The Health Benefit Plan Description Form for each health plan includes additional information about copayments, deductibles and coinsurance. If you have any questions, please call our customer service department at the phone number on the Health Benefit Plan Description Form.

[1] "Network" refers to a specified group of physicians, hospitals, medical clinics and other health care providers that your plan may require you to use in order for you to get any coverage at all under the plan, or that the plan may encourage you to use because it may pay more of your bill if you use their network providers (i.e., go in-network) than if you don't (i.e., go out-of-network).

[2] "Deductible Type" indicates whether the deductible period is "Calendar Year" (January 1 through December 31) or "Benefit Year" (i.e., based on a benefit year beginning on the policy's anniversary date) or if the deductible is based on other requirements such as a "Per Accident or Injury" or "Per Confinement."

[2a] "Deductible" means the amount you will have to pay for allowable covered expenses under a health plan during a specified time period (e.g., a calendar year or benefit year) before the carrier will cover those expenses. The specific expenses that are subject to deductible may vary by policy. Expenses that are subject to deductible should be noted in boxes 8 through 31.

[2b] "Individual" means the deductible amount you and each individual covered by a non-HSA qualified policy will have to pay for allowable covered expenses before the carrier will cover those expenses. "Single" means the deductible amount you will have to pay for allowable covered expenses under an HSA-qualified health plan when you are the only individual covered by the plan.

[2c] "Family" is the maximum deductible amount that is required to be met for all family members covered by a non-HSA qualified policy and it may be an aggregated amount (e.g., "$3000 per family") or specified as the number of individual deductibles that must be met (e.g., "3 deductibles per family"). "Non-single" is the deductible amount that must be met by one or more family members covered by an HSA-qualified plan before any covered expenses are paid.

[3] "Out-of-pocket maximum" means the maximum amount you will have to pay for allowable covered expenses under a health plan, which may or may not include the deductibles or copayments, depending on the contract for that plan. The specific deductibles or copayments included in the out-of-pocket maximum may vary by policy. Expenses that are applied toward the out-of-pocket maximum should be noted in boxes 8 through 31.

[4] Medical office visits include physician, mid-level practitioner, and specialist visits, including outpatient psychotherapy visits for biologically based mental illness.

[5] Well baby care includes an in-hospital newborn pediatric visit and newborn hearing screening. The hospital copayment applies to mother if complication of pregnancy and well-baby together: there are not separate copayments.

[6] Prescription drugs otherwise excluded are not covered, regardless of whether preferred generic, preferred brand name, or non-preferred.

[7] "Emergency care" means all services delivered in an emergency care facility which are necessary to screen and stabilize a covered person. The plan must cover this care if a prudent lay person having average knowledge of health services and medicine and acting reasonably would have believed that an emergency medical condition or life- or limb threatening emergency existed.

[8] Non-emergency care delivered in an emergency room is covered only if the covered person receiving such care was referred to emergency room by his/her carrier or primary care physician. If emergency departments are used by the plan for non-emergency after-hours care, then urgent care copayments apply.

[9] "Biologically based mental illnesses" means schizophrenia, schizoaffective disorder, bipolar affective disorder, major depressive disorder, specific obsessive-compulsive disorder, and panic disorder.

[10] Waiver of pre-existing condition exclusions. State law requires carriers to waive some or all of the pre-existing condition exclusion period based on other coverage you recently may have had. Ask your carrier or plan sponsor (e.g., employer) for details.

[11] Grievances. Colorado law requires all plans to use consistent grievance procedures. Write the Colorado Division of Insurance for a copy of those procedures.

Health Benefit Plan Description Form Disclosure Amendment

Colorado law requires carriers to make available a Colorado Health Benefit Plan Description Form, which is intended to facilitate comparison of health plans. The form must be provided automatically within three (3) business days to a potential policyholder who has expressed interest in a particular plan. The carrier also must provide the form, upon oral or written request, within three (3) business days, to any person who is interested in coverage under or who is covered by a health benefit plan of the carrier.

Pursuant to Colorado law (C.R.S. §10-16-107(7)(a), services or supplies for the treatment of Intractable Pain and/or Chronic Pain are not covered.

This coverage is renewable at your option, except for the following reasons:

1. **Non-payment of the required premium;**
2. **Fraud or intentional misrepresentation of material fact on the part of the plan sponsor;**
3. **The commissioner finds that the continuation of the coverage would not be in the best interest of the policyholders, the plan is obsolete, or would impair the carrier's ability to meet its contractual obligations;**
4. **The carrier elects to discontinue offering and non-renew all of its individual plans delivered or issued for delivery in Colorado.**

Cancer Screenings

At Anthem Blue Cross and Blue Shield and our subsidiary company, HMO Colorado, Inc., we believe cancer screenings provide important preventive care that supports our mission: to improve the lives of the people we serve and the health of our communities. We cover cancer screenings as described below.

Pap Tests

Payment for an annual Pap test is based on the plan's laboratory services provisions, and payment for the related office visit is based on the plan's preventive care provisions.

Mammogram Screenings

All plans except our HMO and PPO Basic Health provide mammogram screening coverage for women in accordance with the "A" and "B" recommendations of the U.S. Preventive Services Task Force. Frequency guidelines can be found in your certificate. Payment for the mammogram screening benefit is based on the plan's provisions for X-ray services.

Prostate Cancer Screenings

All plans except our HMO and PPO Basic Health Plans provide prostate cancer screening coverage for men 40 years of age and older. Frequency guidelines can be found in your certificate. Payment for the prostate cancer screening benefit is based on the plan's provisions for X-ray services.

Colorectal Cancer Screenings

Several types of colorectal cancer screening methods exist. All plans provide coverage for colorectal cancer screenings, such as colonoscopies, sigmoidoscopies and fecal occult blood tests. Depending on the type of colorectal cancer screening received, payment for the benefit is based on the plan's provisions for laboratory services, preventive care office visit services, or other medical or surgical services. Our plans do not provide coverage for preventive colorectal cancer screenings involving invasive surgical procedures and DNA analysis.

The information above is only a summary of the benefits described. The certificate for each health plan includes important additional information about limitations, exclusions and covered benefits. The Health Benefit Plan Description Form for each health plan includes additional information about copayments, deductibles and coinsurance. If you have any questions, please call our customer service department at the phone number on the Health Benefit Plan Description Form.

[1] "Network" refers to a specified group of physicians, hospitals, medical clinics and other health care providers that your plan may require you to use in order for you to get any coverage at all under the plan, or that the plan may encourage you to use because it may pay more of your bill if you use their network providers (i.e., go in-network) than if you don't (i.e., go out-of-network).

[2] "Deductible Type" indicates whether the deductible period is "Calendar Year" (January 1 through December 31) or "Benefit Year" (i.e., based on a benefit year beginning on the policy's anniversary date) or if the deductible is based on other requirements such as a "Per Accident or Injury" or "Per Confinement."

[2a] "Deductible" means the amount you will have to pay for allowable covered expenses under a health plan during a specified time period (e.g., a calendar year or benefit year) before the carrier will cover those expenses. The specific expenses that are subject to deductible may vary by policy. Expenses that are subject to deductible should be noted in boxes 8 through 31.

[2b] "Individual" means the deductible amount you and each individual covered by a non-HSA qualified policy will have to pay for allowable covered expenses before the carrier will cover those expenses. "Single" means the deductible amount you will have to pay for allowable covered expenses under an HSA-qualified health plan when you are the only individual covered by the plan.

[2c] "Family" is the maximum deductible amount that is required to be met for all family members covered by a non-HSA qualified policy and it may be an aggregated amount (e.g., "$3000 per family") or specified as the number of individual deductibles that must be met (e.g., "3 deductibles per family"). "Non-single" is the deductible amount that must be met by one or more family members covered by an HSA-qualified plan before any covered expenses are paid.

[3] "Out-of-pocket maximum" means the maximum amount you will have to pay for allowable covered expenses under a health plan, which may or may not include the deductibles or copayments, depending on the contract for that plan. The specific deductibles or copayments included in the out-of-pocket maximum may vary by policy. Expenses that are applied toward the out-of-pocket maximum should be noted in boxes 8 through 31.

[4] Medical office visits include physician, mid-level practitioner, and specialist visits, including outpatient psychotherapy visits for biologically based mental illness.

[5] Well baby care includes an in-hospital newborn pediatric visit and newborn hearing screening. The hospital copayment applies to mother if complication of pregnancy and well-baby together; there are not separate copayments.

[6] Prescription drugs otherwise excluded are not covered, regardless of whether preferred generic, preferred brand name, or non-preferred.

[7] "Emergency care" means all services delivered in an emergency care facility which are necessary to screen and stabilize a covered person. The plan must cover this care if a prudent lay person having average knowledge of health services and medicine and acting reasonably would have believed that an emergency medical condition or life- or limb threatening emergency existed.

[8] Non-emergency care delivered in an emergency room is covered only if the covered person receiving such care was referred to emergency room by his/her carrier or primary care physician. If emergency departments are used by the plan for non-emergency after-hours care, then urgent care copayments apply.

[9] "Biologically based mental illnesses" means schizophrenia, schizoaffective disorder, bipolar affective disorder, major depressive disorder, specific obsessive-compulsive disorder, and panic disorder.

[10] Waiver of pre-existing condition exclusions. State law requires carriers to waive some or all of the pre-existing condition exclusion period based on other coverage you recently may have had. Ask your carrier or plan sponsor (e.g., employer) for details.

[11] Grievances. Colorado law requires all plans to use consistent grievance procedures. Write the Colorado Division of Insurance for a copy of those procedures.

Health Benefit Plan Description Form Disclosure Amendment

Colorado law requires carriers to make available a Colorado Health Benefit Plan Description Form, which is intended to facilitate comparison of health plans. The form must be provided automatically within three (3) business days to a potential policyholder who has expressed interest in a particular plan. The carrier also must provide the form, upon oral or written request, within three (3) business days, to any person who is interested in coverage under or who is covered by a health benefit plan of the carrier.

Pursuant to Colorado law (C.R.S. §10-16-107(7)(a), services or supplies for the treatment of Intractable Pain and/or Chronic Pain are not covered.

This coverage is renewable at your option, except for the following reasons:

1. **Non-payment of the required premium;**
2. **Fraud or intentional misrepresentation of material fact on the part of the plan sponsor;**
3. **The commissioner finds that the continuation of the coverage would not be in the best interest of the policyholders, the plan is obsolete, or would impair the carrier's ability to meet its contractual obligations;**
4. **The carrier elects to discontinue offering and non-renew all of its individual plans delivered or issued for delivery in Colorado.**

Cancer Screenings

At Anthem Blue Cross and Blue Shield and our subsidiary company, HMO Colorado, Inc., we believe cancer screenings provide important preventive care that supports our mission: to improve the lives of the people we serve and the health of our communities. We cover cancer screenings as described below.

Pap Tests

Payment for an annual Pap test is based on the plan's laboratory services provisions, and payment for the related office visit is based on the plan's preventive care provisions.

Mammogram Screenings

All plans except our HMO and PPO Basic Health provide mammogram screening coverage for women in accordance with the "A" and "B" recommendations of the U.S. Preventive Services Task Force. Frequency guidelines can be found in your certificate. Payment for the mammogram screening benefit is based on the plan's provisions for X-ray services.

Prostate Cancer Screenings

All plans except our HMO and PPO Basic Health Plans provide prostate cancer screening coverage for men 40 years of age and older. Frequency guidelines can be found in your certificate. Payment for the prostate cancer screening benefit is based on the plan's provisions for X-ray services.

Colorectal Cancer Screenings

Several types of colorectal cancer screening methods exist. All plans provide coverage for colorectal cancer screenings, such as colonoscopies, sigmoidoscopies and fecal occult blood tests. Depending on the type of colorectal cancer screening received, payment for the benefit is based on the plan's provisions for laboratory services, preventive care office visit services, or other medical or surgical services. Our plans do not provide coverage for preventive colorectal cancer screenings involving invasive surgical procedures and DNA analysis.
