Plans designed to fit your plans

Lumenos® HSA Plus
Our plans help fit the way you live.

In a world that’s constantly changing, one thing’s for certain: it’s important to have health care coverage you can depend on—coverage designed to help fit your budget, and your way of life.

For over 75 years, Anthem Blue Cross and Blue Shield has provided health care coverage and security to our Virginia neighbors. And now, we’re pleased to offer these same Individual health care plans with added benefits and features of the Patient Protection and Affordable Care Act.

You’re in charge of your health and budget, and our Individual health care plans help keep it that way. We still offer a wide range of coverage options as unique as you are. And if you have any questions, we’re here to help.

Sounds like a plan.

Experience you can rely on

Anthem is committed to helping simplify your life and improving your health. That’s why we offer:

- **One of the largest provider networks in Virginia.**
  With over 15,500 PPO doctors and over 80 hospitals* throughout the state, chances are your doctor is one of ours.
- **A choice of plans to help fit your budget and lifestyle.**
  No matter where you are in life, we’ve got a plan designed to help fit your health care needs, as well as your budget.
- **Optional dental and life insurance.**
  To enhance your health and your family’s financial future, we also offer dental and term life coverage and make it easy to enroll.
- **Coverage that travels with you.**
  No matter where life takes you, your health coverage goes with you. And the BlueCard® program makes it easy to access providers throughout the country.

Why do you need health care coverage?

These days, a single day in the hospital can cost thousands of dollars. The financial risk you take without health coverage just isn’t worth it. Not only does health care coverage help you stay healthy, it also gives you added security, because you know you have help to protect against the high cost of unexpected medical bills.
Cost–Sharing: The costs of medical care today can be staggering. Health care coverage from Anthem can help protect you against these high costs. With most health care coverage, you pay a monthly premium, then you share some of the cost of covered medical care with the company that provides your health care coverage. The level of cost-sharing you choose directly impacts your premium amount. The more you are willing to share in the cost, the lower your premium. With Anthem, you can choose your level of protection and the level of cost-sharing that works best for your health care needs and budget.

Deductible is the amount you have to pay each calendar year for covered services before your health care plan starts paying. For some services, the plan will even begin to pay before the deductible is met. Usually, the higher a plan’s deductible, the lower the premium. In some cases, you may also have a separate deductible for certain services such as prescription drugs or non-network services.

Coinsurance is the percentage of the cost of covered services that you will be responsible for, after your annual deductible is met. With some plans, you have a choice of coinsurance levels. Much like your deductible, selecting a higher coinsurance typically lowers your monthly premium because it increases your share of the cost.

Network Discounts: With Anthem, you have access to one of the largest provider networks in the state. These network (or participating) providers have agreed to accept lower costs for their covered services to Anthem members — similar to volume discounts. These negotiated costs help reduce the overall cost of covered medical services, including your share of those costs.

This is true whether you are paying the entire cost for covered services (such as while you are meeting your deductible), or whether we are sharing the cost. With over 15,500 practitioners and over 80 hospitals*, chances are your provider already participates. Just visit a network provider to take advantage of the savings.

With our PPO plans, you can always choose to receive services outside the network, but your share of the cost will be greater.

Out-Of-Pocket Maximum is the most that you would pay in a calendar year for deductible and coinsurance for in-network covered services. Once you reach this maximum, the plan pays at 100% for most network services for the rest of the calendar year. There is a separate out-of-pocket maximum for non-network services.

Prescription Drugs are medications that must be authorized for use by your doctor. Anthem offers varying levels of prescription drug coverage. Depending on the plan, you may have coverage for generic drugs or generic and brand name drugs.

Generic Drugs are prescription drugs that typically have been in use for some time and can be manufactured and distributed by numerous companies, so their cost is usually much lower. Generic drugs must, by law, contain the same active ingredients as their brand name equivalent and have the same clinical benefit.

Brand Name Drugs are prescription drugs that are manufactured and marketed under a registered name. They are usually patented and may be exclusively offered by certain manufacturers.

Formulary is a list of prescription drugs our health care plans cover. They may include generic, preferred brand name and specialty drugs that have been rigorously reviewed and selected by a committee of practicing doctors and clinical pharmacists for their quality and effectiveness. We’ve negotiated lower prices on these formulary drugs, so you’ll save when your doctor prescribes medication from our formularies.

Health Savings Account (HSA) is a special bank account that can be set up by a member enrolled in a qualified HSA-compatible high deductible health plan if they choose. Contributions to this account can be made with certain tax advantages and funds from the account can be used for qualified health care expenses. See the insert from our preferred banking partner for more details and consult your tax advisor.

Lumenos® HSA Plus

Is this the right plan for you?

The Lumenos HSA Plus health plan is designed to give you more control over your health care costs. It helps you focus on getting healthy and staying that way.

Prescription Drug Coverage

Lumenos HSA Plus not only puts you in charge of your health care dollars, it can help you use those dollars for generic and brand name prescription drugs in the way that best suits you.

Once your deductible is met, there is a coinsurance, if applicable, for covered prescription drugs. But even while you are meeting your deductible, you benefit from lower negotiated rates on prescription drugs at network pharmacies nationwide. There’s no need to have a different deductible for prescriptions; it all works as one.

You will receive the highest level of benefits by asking your physician to prescribe a generic drug whenever possible. If you choose to purchase a brand name drug when a generic drug is available, you will be responsible for the difference in the cost between brand and generic, plus your coinsurance.

And since you decide how to spend it, your Health Savings Account dollars can be used to pay for prescription drugs — either while you are meeting your deductible, or for those drugs not covered.

How to Customize your Lumenos HSA Plus Plan

Choose your deductible: You can usually lower your premium by choosing a higher deductible. Simply choose the deductible and premium combination that works best for you. Remember, any covered member can contribute to some or all of the policy deductible and out-of-pocket maximum, whether the policy covers one member or a whole household.

Use your Health Savings Account the way you want: Your HSA, if you choose to open one, is funded by you. So, it is yours to use for qualified health care expenses covered by the plan, or those not covered at all, like contact lenses. Your HSA is also yours to keep if you ever leave the plan; you won’t lose those dollars if they’re not used. In fact, the carryover from year to year can help you save for future financial needs. See the enclosed insert from our preferred banking partner for more information.

Other Optional Coverage: You can add more protection for you and your family by purchasing optional maternity benefits with deductible options of $3,000 and higher, dental, and life insurance. See your Benefit Guide and the dental and life information in the back of this brochure for more details.

Lumenos HSA Plus Plan Highlights

This plan offers traditional health care benefits that can be paired with a Health Savings Account (HSA) for more flexibility and potential tax advantages. Simple plan design makes using them that much easier.

Features:
- Preventive Care benefits that help you focus on staying healthy.
- PPO health plan coverage with a large array of benefits after you meet your deductible.
- Coverage compatible with an HSA that is yours to fund and keep if you choose. Use the HSA for qualified medical expenses or as a savings vehicle. Contact your tax advisor for possible advantages.
- Special programs for Smoking Cessation and Weight Management.
- Access to our 24/7 NurseLine℠
- Online tools for a personalized Health Assessment, prescription drug cost comparison, and other tools to give you more control.

You should know:
- Maternity benefits are available with deductible options of $3,000 and higher for an additional cost.
- Your Lumenos HSA Plus plan has a policy-level deductible and out-of-pocket maximum. Once any combination of covered members on the policy meet these amounts, the plan pays 100% of covered expenses. It’s that simple.
- While Lumenos HSA Plus is compatible with a Health Savings Account, your health care plan works with or without it. You may set up the HSA now, later, or not at all. It’s your choice.

The entire provisions of benefits, limitations and exclusions are contained in the Contract/Certificate. In the event of a conflict between the Contract/Certificate and this Benefit Guide, the terms of the Contract/Certificate will prevail.

---

1. Coinsurance is designated by the plan you choose. If the network coinsurance is 20%, the non-network coinsurance is 40%. If the network coinsurance is 0%, the non-network coinsurance is 30%.

2. Your coinsurance will be higher with a non-network provider.

3. Note: Network and non-network deductibles are combined and accumulate together. Network and non-network out-of-pocket maximums are separate and do not accumulate toward each other.

4. For non-network emergency room services, your coinsurance will be the same as though services were provided in network if the services are deemed a medical emergency as defined by Anthem.
Dental Coverage

Dental coverage is important to your overall health and well-being. Regular dental check-ups can serve as an early warning for health-related issues. In fact, gum and tooth disease have been linked to a number of major health conditions like heart disease, stroke, respiratory disease and diabetes. Who knew seeing a dentist may help save your life?

You’ll save more on the cost of your dental care when you visit a participating network dentist. Going out of the network means you’ll be responsible for more of the cost. To find a network dentist in your area visit us at anthem.com.

Protect your smile — and your health — by adding optional dental coverage to your plan.

1. Children less than one year of age who qualify medically will be automatically added to the policy on the policy anniversary after they turn one.
2. The $15,000 policy is available to dependent children only, with a maximum of three dependent children. More than three children can be added to the plan, but no additional premium will be charged.
3. Spouses or domestic partners are not eligible for the $15,000 dependent coverage and must select the same plan as the subscriber if applying together. For domestic partner coverage on the same application, two separate policies will be issued.

Note: Acceptance into an Anthem Life policy is contingent upon your acceptance into an Anthem underwritten health plan.

Maternity

If you're hoping to add to your family in the future, you may want to think about adding maternity coverage now. An optional maternity coverage is available with certain plans (see your Benefit Guide for details) to help cover pregnancy and childbirth related medical care for mother and infant. Maternity available to deductible options of $3,000 and higher.

There are specific limitations and exclusions for this coverage, including a waiting period in most cases before conception can occur; see your Coverage Details insert for this important information.

Dependable, valuable protection to fit the way you live. Sounds like a plan.

Hate writing checks? After your initial payment, our Electronic Fund Transfer (EFT) program will automatically withdraw funds from your bank account each month to pay for your health care plan premium. You’ll not only save on postage, you won’t have to worry about a lapse in coverage because you forgot to mail in your payment. To sign up, just fill out the billing section of the enrollment application.

Ready to choose a plan?

• **Call us.** Contact your Anthem Blue Cross and Blue Shield Sales Representative or Agent.

• **Ask questions.** If you aren’t sure about how a plan works or have additional questions, your sales agent will be happy to help.

• **Fill out an application.** We’ll process it as soon as we receive it. We’ll let you know if you are approved for the plan you selected, or any other coverage options you may have.
HSA Welcome Kit

If you make the selection on your application form, your Health Savings Account will automatically be set up once you’re approved for the Lumenos HSA Plus plan, and you’ll soon receive an HSA Welcome Kit. In it, you’ll find all of the banking documentation and instructions for using your account. A separate application for your account is only required if you choose a financial institution other than BNY Mellon.

Interest and investments

You’ll earn interest on your HSA funds and have the chance to invest your funds as long as you keep a minimum $2,000 HSA balance. Investment options include a number of mutual families. Once you’re ready to invest, just call the ACS|Mellon HSA Solution Contact Center at 866-686-4798 Monday through Friday from 8 a.m. to 8 p.m. (Eastern Time) for a prospectus with more details.

Debit cards and checkbooks

Use your MasterCard® debit card or your HSA checkbook (provided by BNY Mellon) to pay your health care provider or pharmacy directly for eligible medical expenses, or to get cash from your account.

Deposits to your account

To contribute to your HSA, simply send a check and deposit slip to the address printed on your HSA checkbook. Or you can set up an electronic funds transfer between your bank and BNY Mellon for regular account contributions.

Account activity statements

Each month, you’ll receive a statement from BNY Mellon that shows all of your account activity. For an additional fee of $0.75 per month, you can receive a paper statement. Please go to Anthem.com or call your dedicated Customer Service to learn how to elect this option. You’ll also receive IRS 1099 and IRS 5498 forms from BNY Mellon near tax time to help with tax preparation.

Setting up a Health Savings Account

The Lumenos® HSA plans are a nice way to save on premiums. But that’s just the tip of the savings iceberg. To realize your plan’s full financial power, consider opening a health savings account to go with your Lumenos plan. The portability and tax savings of an HSA account can add up fast.

We’ve joined with Affiliated Computer Services (ACS) and The Bank of New York Mellon (BNY Mellon) to integrate their HSA accounts with our Lumenos HSA plans. Setting up your account with BNY Mellon is easy. Plus, it comes with built-in advantages and conveniences:

- A single customer service contact for the health plan and your HSA
- A single online health site to access your plan benefit information and account details
- Several payment and deposit options, including special checks and automatic fund transfers
- Competitive interest rates and investment opportunities for the funds in your account

Of course, if you’d rather use another financial institution for your account, that’s fine too.

You’re only one checkmark away

Simply make the selection on your application form. We’ll take care of setting up your account. We’ll also take care of sending you a Welcome Kit to get you started. All you have to take care of is your health. Which is, after all, the most important thing.

Let ACS | BNY Mellon handle the finances.

This is what the IRS requires if you want to open a Health Savings Account:

- You must be covered by an HSA-compatible high deductible health plan (such as the Lumenos HSA plan).
- You must be a U.S. resident, and not a resident of Puerto Rico or American Samoa.
- You cannot be covered by any other medical plan that is not an HSA-compatible high deductible health plan.
- You cannot be enrolled in Medicare.
- You cannot be claimed as a dependent on another individual’s tax return.
- If you are a veteran, you may not have received veteran’s benefits within the last three months.
- You cannot be active military.

As good as these options may sound, you should still talk to your tax advisor when trying to maximize financial benefits for your personal situation.

- Qualify medically and meet certain lifestyle criteria
- Are under age 65
- Are not entitled to Medicare benefits
- Do not currently have individual protection that provides similar benefits, unless Anthem’s individual coverage will replace existing coverage
- Are not on active duty with any branch of the Armed Services

Eligible children must also be:

- Under age 26 or
- Unmarried, age 26 and older who are incapable of earning a living because of a mental or physical handicap that began before age 26

Your domestic partner, if applicable, is only eligible for coverage if he or she:

- Has been your sole domestic partner for 6 months or more
- Is mentally competent
- Is at least 18 years old
- Is not related to you in any way (including by blood or adoption) that would prohibit you from being married to or separated from anyone else and
- Is financially interdependent with you

Employees covered by Anthem Blue Cross and Blue Shield group insurance are not eligible to purchase an Anthem individual policy until they have been off the group coverage at least 64 days. Employees may not apply for an Anthem individual policy with an effective date that is less than 64 days after their Anthem group coverage ended. However, spouses, domestic partners and dependents may be eligible to apply for Anthem individual coverage without having to wait 64 days.

*If you are an “Eligible Individual,” as defined on the application, then coverage is available to you if you live, work or reside in our service area, (or the KeyCare/Lumenos service area if applying for any of the plans listed above).

Policy Effective Date*
1. Your policy effective date must be within 75 days of the date you signed the application.
2. The earliest effective date you can have if you currently have health insurance coverage would be the day after the application is received by Anthem through mail, fax or online submission. This applies if you requests an ‘As Soon As Possible’ effective date as well.
3. The earliest effective date you can have if you currently do not have health care coverage would be 10 days after your application is received by Anthem through mail, fax or online submission. This applies if you request an ‘As Soon As Possible’ effective date as well.

* These guidelines do not apply to newborns or adopted children added to an existing policy within 31 days of birth or placement.

Renewability
Your coverage is automatically renewed as long as:

- Premiums are paid according to the terms of your policy
- The insured lives, works, or resides in our service area
- There are no fraudulent or material misrepresentations on your application or under the terms of your coverage

We can refuse to renew your policy if all policies of the same form number are also not renewed. Any such action will be in accordance with applicable state and Federal laws.

Premium
We determine premiums based on such factors as age, sex, type and level of benefits, membership type, health, lifestyle and area of residence. These premiums are set by class. You will never be singled out for a premium change. Your premium may be adjusted periodically. We will give you prior written notice of any premium change we initiate.

Employer Payment Of Premiums
The policies described in this document are individual health insurance policies, and, as such, cannot be used as employer provided health care benefit plans. No employer of any covered person under these policies may contribute to premiums directly or indirectly, including wage adjustments. As it pertains to this section, an employer does not include a trade or business wholly owned by an individual or individual and spouse or domestic partner that has no other employees or that does not offer health benefits to any other employees. Also, as it pertains to this provision, a church may purchase an individual policy if only purchasing it for one employee.

Premium With Application
Anthem Blue Cross and Blue Shield requires the first premium payment with each application for Individual health care plans. Personal checks will not be deposited until the application is approved. If you are not accepted for coverage, we will notify you in writing. We destroy all personal checks received related to applications where coverage cannot be issued. Money orders and cashier’s checks will be deposited prior to underwriting, and if the application is denied, a refund will be issued.
Access to the MIB
Information regarding your insurability will be treated as confidential. Anthem Blue Cross and Blue Shield or its reinsurers may, however, make a brief report thereon to MIB, a not-for-profit membership organization of insurance companies, which operates an information exchange on behalf of its Members. If you apply to another MIB Member company for life or health insurance coverage, or a claim for benefits is submitted to such a company, MIB, upon request, will supply such company with the information in its file.

Upon receipt of a request from you MIB will arrange disclosure of any information it may have in your file. Please contact MIB at 866-692-6901 (TTY 886-346-3642). If you question the accuracy of information in MIB’s file, you may contact MIB and seek a correction in accordance with the procedures set forth in the federal Fair Credit Reporting Act.

The address of MIB’s Information Office is:
50 Braintree Hill Park, Suite 400
Braintree, MA 02184-8734

Information for consumers about MIB may be obtained on its website at www.mib.com.

Anthem Blue Cross and Blue Shield, or its reinsurers, may also release information in its file to other insurance companies to whom you may apply for life or health insurance, or to whom a claim for benefits may be submitted.

Coordination Of Benefits
If you choose to be covered by two or more types of health insurance, it’s important to know our Coordination of Benefits procedures. Anthem Blue Cross and Blue Shield policies all have a coordination of benefits provision. This provision explains that if you are issued an Anthem Blue Cross and Blue Shield individual policy, and one of the persons covered by your Anthem policy is covered by a group health plan, the group health plan will have primary responsibility for the covered expenses of that family member. For any dependent children on your Anthem individual policy who are enrolled under another individual health plan, the primary policy is the policy of the parent whose birthday (month and day) falls earlier in the calendar year. Parent birth year is not considered.

Termination
Coverage ends for all persons insured under the policy if the insured dies. A covered person or guardian of a covered person must contact us to arrange for continued coverage in this instance. Covered dependent coverage ends under these circumstances:
- For a covered spouse upon divorce from the covered person in whose name the policy was obtained
- When a covered dependent begins active duty with the Armed Services
- Death of the dependent
- At the insured’s request

In addition, coverage ends for covered dependent children under these circumstances:
- At the end of the month in which a covered child turns 26
- If a covered child is incapable of earning a living because of a mental or physical handicap that began before age 26, we will continue to cover the child as long as they are unmarried and the policy is in force.

Cancelling Your Policy
If you wish to cancel your Anthem policy, you must call or notify us in writing. Any premium paid beyond your cancellation date will be refunded to you promptly after the cancellation.

Limited Benefit Policy
All of the plans referenced in this document are “limited benefit policies,” meaning that there are times when you may be responsible for more than the 25% maximum coinsurance set by insurance regulations for major medical coverage. This happens only when your copayment or coinsurance is greater than the 25% coinsurance, or when you use a non-network provider.

Utilization Management and Case Management
Our Utilization Management (UM) services offer a structured program that monitors and evaluates member care and services. The UM clinical team, which is made up of health care professionals who hold active professional licenses and certificates, perform the prior authorization, concurrent and retrospective review processes explained below. The UM team follows criteria to assist in decisions regarding requests for health care and other covered benefits, and complies with specific timeframes to ensure requests are handled in a timely manner. Our case management services help you to better understand and manage your health conditions.

Prospective Review/Admission Review
Prospective review (also known as pre-service or admission review) is the process of reviewing a request for a medical procedure or service before it takes place. The review occurs to ensure that:
1) the procedure is medically necessary and 2) the procedure meets your health care plan’s specific guidelines prior to being performed. Requests for prospective review may include but are not limited to:
- inpatient hospitalizations
- outpatient procedures
- diagnostic procedures
- therapy services
- durable medical equipment

Prospective review is required for all elective inpatient admissions and certain outpatient services. The review process evaluates medical necessity and the best level of care and assigns expected length of stay if needed.

Concurrent Review
Concurrent review is an ongoing evaluation of a member’s hospital stay, as well as ongoing extensions of services that may be needed (such as acute care facilities, skilled nursing facilities, acute rehabilitation facilities, and home health care services). The review includes physicians, member-assigned health care professionals (or member authorized representative) and takes place by telephone, electronically and/or onsite.

Concurrent review uses pre-set decision criteria in order to approve medical care (deemed to be medically necessary) and assign the right level of care for continued medical treatment. Review decisions are based on the medical information obtained at the time of the review. Concurrent review also helps to coordinate care with behavioral health programs.
Retrospective Review
The retrospective review process consists of obtaining information to determine medical necessity as it relates to services provided without approval or notice ahead of time (e.g., without pre-service notification). Relevant clinical information is required for the retrospective review process. Review decisions are based on the medical information the doctor or other provider had at the time the member received medical care.

Case Management
Case managers are licensed healthcare professionals who work with you to help you understand your benefits and support your health care needs. The case manager works with you and your doctor to help you better understand and manage your health conditions.

What’s Not Covered
Exclusions:
Remember, all health care plans are different. To choose the plan that best meets your needs, it’s important to understand not only what it covers, but what it does not cover.

Our policies do not cover:

Pre-Existing Conditions
A pre-existing condition is any medical condition you had in the 12 months before your “effective date”, or the date you are officially covered by the new policy. For members age nineteen (19) and older, during the first 12 months after your effective date, the plans in this document do not cover prescription drugs prescribed for a pre-existing condition, services for, or complications resulting from, a pre-existing condition. The waiting period for pre-existing conditions may be shorter, or waived, if you’re transferring your coverage from a qualifying health plan. The pre-existing condition limitation does not apply to applicants under age nineteen (19).

Preventive Care Services
These plans only cover preventive care specified in the plan’s policy.

Services That Are Not Medically Necessary
Services or care that are not medically necessary as determined by us, in our sole discretion. We cover only medically necessary services in order to keep everyone’s premiums down and to make sure services are provided in a safe, approved setting. Our licensed medical staff uses careful guidelines based on accepted medical practices to determine whether a service is medically necessary. These guidelines apply to everyone. You can find out whether a particular service or procedure is medically necessary and covered before you receive it, by calling us when you’re considering treatment options with your physician. We’ll work with you to find the safest and most effective treatment.

Services That Are Deemed Experimental Or Investigative
Services that we deem, in our sole discretion, to be experimental/investigative, as well as services related to complications from such procedures, except in certain limited circumstances as listed in the policy. The Blue Cross and Blue Shield Association has a committee of medical professionals that reviews new medical treatments, examines the current scientific medical literature and recommends coverage for those treatments that are shown to be safe and effective. They do not recommend new treatments that are still experimental or under investigation. Our medical staff follows the committee’s recommendations and guidelines to decide whether a new treatment can be covered by the policy.

Organ And Tissue Transplants, Transfusions
Certain organ or tissue transplants that are considered experimental/investigative or not medically necessary.

Maternity And Family Planning Services
Pregnancy-related conditions, except complications of pregnancy as specifically provided for in the policy. We only cover complications of a pregnancy that began after your policy started and include conditions that would be considered life-threatening to the mother. We do not cover family planning services including services for or related to artificial insemination or in vitro fertilization or any other types of artificial or surgical means of conception; prescription drugs prescribed in conjunction with artificial insemination or any other types of artificial or surgical means of conception. We do not cover any services or supplies provided to a person not covered under the policy in connection with a surrogate pregnancy (including, but not limited to, the bearing of a child by another woman for an infertile couple); or services to reverse voluntarily induced sterility.

Dental Services
Dental care, except as specifically provided for in the policy.

Hearing Services
Hearing services, except as specifically provided for in the policy. Implantable or removable hearing aids, including exams for prescribing or fitting hearing aids, regardless of the cause of hearing loss, with the exception of cochlear implants.

Vision Services
Routine vision services except as specifically provided for in the policy. Services for, or related to, procedures performed on the cornea to improve vision, in the absence of trauma or previous therapeutic process. Medical or surgical procedures to correct nearsightedness, farsightedness, and/or astigmatism.

Foot Care
Services for palliative or cosmetic foot care.

Cosmetic Services
All medical, surgical, and mental health services for or related to cosmetic surgery and/or cosmetic procedures, including any medical, surgical and mental health services to correct complications of a person’s cosmetic procedure. Body piercing and cosmetic tattooing are considered cosmetic procedures. “Cosmetic surgery,” however, does not mean reconstructive surgery incidental to or following surgery caused by trauma, infection, or disease of the involved part. We determine, in our sole discretion, whether surgery is cosmetic or is clearly essential to the physical health of the patient.

Health Club Memberships
Health club memberships, exercise equipment, charges from a physical fitness instructor or personal trainer, or any other charges for activities, equipment, or facilities used for developing or maintaining physical fitness, even if ordered by a physician. This also applies to health spas.
Weight Loss Programs
Weight loss programs, whether or not they are pursued under medical
or physician supervision, unless specifically listed as covered in the
policy. This includes, but is not limited to, commercial weight loss
programs (Weight Watchers, Jenny Craig, LA Weight Loss) and fasting
programs. This does not apply to medically necessary treatments for
morbid obesity as required by law.

Nutritional And/Or Dietary Supplements
Nutritional and/or dietary supplements, except as provided in the
policy or as required by law. This includes, but is not limited to, those
nutritional formulas and dietary supplements that can be purchased
over the counter, which by law do not require either a written
prescription or dispensing by a licensed pharmacist.

Certain Types Of Therapies
Therapy primarily for vocational rehabilitation; certain drugs and
therapeutic devices, including over-the-counter drugs and exercise
equipment; outpatient services for marital counseling, compen-
stimulation activities, educational, vocational, and recreational
therapy, manual medical interventions for illnesses or injuries other
than musculoskeletal illnesses or injuries.

Certain Facility And Home Care
Services for rest cures, residential care or custodial care. Your
coverage does not include benefits for care from a residential
treatment center or non-skilled, subacute settings, except to the
extent such settings qualify as substance abuse treatment facility
licensed to provide a continuous, structured, 24-hour-a-day program
of drug or alcohol treatment and rehabilitation including 24-hour-a-
day nursing care.

Transportation Services
Travel or transportation, except by professional ambulance services
as described in the policy.

Services Covered Under Government Programs
Or Employee Benefits
Services covered under Federal or state programs (except Medicaid);
services for injuries or sickness resulting from activities for wage or
profit when 1) your employer makes payment to you because of your
condition; 2) your employer is required by law to provide benefits to
you; or 3) you could have received benefits for your condition if you
had complied with the relevant law.

Services Related To The Military, War Or Civil Disobedience
Services for injuries or sickness sustained while serving in any branch
of the armed forces or resulting from acts of war. Services for injuries
or sickness resulting from participation in a felony, riot or any other
act of civil disobedience.

Services Provided By Family Or Co-Workers
Services performed by your immediate family or by you; services
rendered by a provider to a co-worker for which no charge is normally
made in the absence of insurance.

Separate Charges
Separate charges for services by health care professionals employed
by a covered facility which makes those services available.

Prescription Drugs
We do not cover:
- Prescription drugs prescribed for pre-existing conditions during
  the first 12 months of coverage. The pre-existing condition
  limitation does not apply to members under age nineteen (19).
- Over-the-counter drugs
- Charges to administer prescription drugs or insulin, except as
  stated in the policy
- Prescription refills that exceed the number of refills specified by
  the provider
- A prescription that is dispensed more than one year after the
  order of a physician
- Drugs that are consumed or administered at the place where they
  are dispensed, except as stated in the policy
- Prescription drugs prescribed for weight loss or as stop
  smoking aids
- Prescription drugs prescribed primarily for cosmetic purposes
- Prescription drugs dispensed by anyone other than a pharmacy
  with the exception of a physician dispensing a one-time dosage of
  an oral medication either at the physician's office or in a covered
  outpatient setting in order to treat an acute situation
- Prescription drugs not approved by the FDA
- Prescription drugs not found on Anthem's Formulary for
  SmartSense and CoreShare are not covered

Other Non-Covered Services
- Services for which a charge is not normally made
- Amounts above the allowable charge for a service
- Services or supplies not prescribed, performed or directed by a
  provider licensed to do so
- Services for dates of service before the effective date or after a
  covered person's coverage ends
- Telephone consultations, charges for not keeping appointments,
  or charges for completing forms or copying medical records
- Services not specifically listed or described in this policy as
  covered services
- Services to treat sexual dysfunction, including services for or
  related to sex transformation, when the dysfunction is not related
  to organic disease. This includes related medical services and
  mental health services
- Complications of non-covered services — these services would
  include treatment of all medical, mental health and surgical
  services related to the complication
- Services or supplies ordered by a physician whose services are
  not covered under the policy
- Self-help, training, and self-administered services
- Manual medical interventions for illnesses or injuries other than
  musculoskeletal illnesses or injuries
- Services for non-interactive telemedicine services. Non-interactive
telemedicine services include an audio-only telephone, electronic
mail message, or facsimile transmission
Out-Of-Pocket Maximum Exclusions
The following items never count toward your out-of-pocket maximum for all products:

- Amounts exceeding the allowable charge
- Amounts over any policy maximum or limitation
- Expenses for services not covered under the policy

In addition, specific products have additional items that never count toward your out-of-pocket maximum:

Premier, SmartSense, and CoreShare:
- Amounts paid for prescription drugs, including specialty drugs and insulin
- Copayments
- Copayments and coinsurance (if applicable) for routine vision care

Optional Coverage Exclusions
Adding optional coverage to your policy changes certain exclusions in your policy related specifically to services for dental care, pregnancy, and accidents. Other limitations and exclusions continue to apply.

Dental Coverage Exclusions
Our policies do not cover:

- Services not listed or described in your policy or in the optional coverage as a covered service
- Dental services that are covered under any other dental benefits plan under which a covered person is enrolled
- Dental services with respect to congenital or developmental malformation or primarily for cosmetic purposes except as specified in the optional coverage

  - More than one (1) crown
  - Fixed prosthetic devices
  - Surgical extraction of impacted teeth

If diagnostic X-rays are not performed as specified above, the services listed above are not covered.

Maternity Coverage Exclusions
Maternity coverage covers pregnancies that begin at least six months after the rider becomes effective even if you qualify for credit toward your base policy's 12 month pre-existing waiting period. Maternity and pregnancy-related benefits are only available to the female insured or the female covered spouse/domestic partner who is at least 18 years of age or an emancipated minor. It does not cover maternity services for dependent children or a male spouse. The six month time period may not apply to you if you meet certain eligibility requirements.
The maternity coverage helps pay for:
- Childbirth
- Prenatal and postnatal care
- Use of delivery room
- Hospital bed and board for mother
- Routine nursery care
- Routine newborn circumcision
- Cesarean section deliveries
- Diagnostic X-rays and lab charges

In addition, maternity coverage is not available for deductible options under $2,500 for Premier and for deductible options under $3,000 for Lumenos HSA Plus.

Maternity coverage is not available on SmartSense or CoreShare.

Supplemental Accident Coverage Exclusions
The supplemental accident coverage covers ambulance services related to accidents. Exclusions listed in the policy apply to the Supplemental Accident rider. Supplemental Accident coverage is not available for Lumenos HSA Plus.

For Premier, SmartSense and CoreShare, in addition to the exclusions in the policy, the following exclusions apply to supplemental accident covered services. No payment will be made for prescription drugs, routine wellness care or the amount of a provider's charge which exceeds our allowable charge. This portion of the provider's charge will not be counted toward your out-of-pocket expense limit.
