Our plans fit the way you live.

In an ever-changing world, one thing's for certain: it's important to have health care coverage you can depend on — coverage designed to help fit your budget, and your way of life.

For over 65 years, Anthem Blue Cross and Blue Shield has provided health care coverage and security to our Indiana neighbors. And now, we're pleased to offer these same Individual health care plans with added benefits and features from the Affordable Care Act.

You're in charge of your health and budget, and our Individual health care plans help keep it that way. We still offer a wide range of coverage choices as unique as you are. And if you have any questions, we're here to help.

Experience you can count on

- *Coverage that travels with you.* No matter where life takes you, your health coverage goes with you. And the Blue Cross and Blue Shield Association's Blue Card® program makes it easy to access providers throughout the country.
- *ConditionCare for one-on-one help* from professionals trained in managing chronic conditions like asthma, diabetes, coronary artery disease, chronic obstructive pulmonary disease and heart failure.
- *Future Moms*, a program designed to help you have a healthy pregnancy. While not maternity coverage, Future Moms provides educational materials, certain screenings and 24/7 phone access to registered nurses.

Some definitions, so we're all on the same page

Network Discounts: With Anthem, you have access to one of the largest provider networks in the state. These network (or participating) providers have agreed to accept lower costs for their covered services to Anthem members — similar to volume discounts. These negotiated costs help lower the overall cost of covered medical services, including your share of those costs.

This is true whether you are paying the whole cost for covered services (such as while you are meeting your deductible), or whether we are sharing the cost. With over 14,000 doctors and specialists and nearly 140 hospitals,* chances are your provider already takes part. Just visit a network provider to take advantage of the savings.

With our PPO plans, you can always choose to get services outside the network, but your share of the cost will be greater.

Cost Sharing: The costs of health care today can be staggering. Health care coverage from Anthem can help protect you against these high costs. With most health care coverage, you pay a monthly premium, then you share some of the cost of covered medical care with the company that provides your health care coverage. The level of cost-sharing you choose directly impacts your premium amount. The more you are willing to share in the costs, the lower your premium. With Anthem, you can choose your level of protection and the level of cost sharing that works best for your health care needs and budget.

Deductible is the amount you have to pay each calendar year (annually) for covered services before your health care plan starts paying. For some services, the plan will even begin to pay before the deductible is met. Most often, the higher a plan's deductible, the lower the premium. In some cases, you may also have a separate deductible for certain services, such as prescription drugs.

Coinsurance is the percentage of the cost of covered services that you will be responsible for, after your annual deductible is met. With some plans, you have a choice of coinsurance levels. Much like your deductible, selecting a higher coinsurance typically lowers your monthly premium because it increases your share of the cost.

Copayment is a specific dollar amount you have to pay for certain covered services.

Out-of-pocket Maximum is the most that you would pay in a calendar year for deductible and coinsurance for network covered services. Once you reach this maximum, the plan pays at 100% for most covered services for the rest of the calendar year.

Prescription Drugs are medications that must be approved for use by your doctor. We offer varying levels of prescription drug coverage. Depending on the plan, you may have coverage for generic drugs or generic and brand-name drugs.

Generic Drugs are prescription drugs that typically have been in use for some time and can be made and distributed by many companies, so their cost can be much lower. Generic drugs must, by law, contain the same active ingredients as their brand-name version and have the same benefit.

Brand-name Drugs are prescription drugs that are made and marketed under a registered name. Most often, they are patented and may only be offered by certain manufacturers.

Tiers represent a cost level within the generic and brand-name prescription drug categories. The prescription drug coverage under your health care plan will differ for each of these tiers. Not all products have this tiering.

- **Tier 1:** These drugs generally include generic drugs and a few lower-cost brand-name drugs.
- **Tier 2:** These drugs generally include higher-cost generic and brand-name drugs.
- **Tier 3 and 4:** These drugs include the highest-cost brand-name drugs.

Formulary is a list of prescription drugs our health care plans cover. They include generic and preferred brand-name drugs that have been rigorously reviewed and selected by a committee of practicing doctors and clinical pharmacists for their quality and how well they work. We've negotiated lower prices on these formulary drugs, so you'll save when your doctor prescribes medication from our formularies. There can be different formularies for different health care plans. Formulary lists can be found at anthem.com.

Health Savings Account (HSA) is a special bank account that can be set up by members enrolled in a qualified HSA-compatible, high-deductible health plan if they choose. Contributions to this account can be made with certain tax advantages, and funds from the account can be used for qualified health care expenses. See the insert from our preferred banking partner for more details and consult your tax adviser.

Lumenos[®] HSA Plus

Is this the right plan for you?

Lumenos HSA Plus health plans were designed to give you more control over your health care costs. They help you focus on getting healthy and staying that way.

The Health Savings Account (HSA) is a special bank account that can be set up by a member enrolled in a qualified HSA-compatible high-deductible health plan. Contributions to this account can be made with certain tax advantages, and funds from the account can be used for qualified health care expenses. See the insert from our preferred banking partner for more details and consult your tax adviser.

Prescription drug coverage

Lumenos HSA Plus not only puts you in charge of your health care dollars, it can help you use those dollars for generic and brand-name prescription drugs in the way that best suits you.

Once your deductible is met, there is a coinsurance, if applicable, for covered prescription drugs. But even while you are meeting your deductible, you benefit from lower negotiated rates on prescription drugs at network pharmacies nationwide. There's no need to have a different deductible or copayment for prescriptions; it all works as one.

And since you decide how to spend it, your Health Savings Account dollars can be used to pay for prescription drugs – either while you are meeting your deductible, or afterward for those drugs not covered, like most over-the-counter medications.

How to customize your Lumenos HSA Plus plan

Choose your deductible: You can usually lower your premium by choosing a higher deductible. Simply choose the deductible and premium combination that works best for you. Remember, any covered member can contribute to some or all of the policy deductible and out-of-pocket maximum, whether the policy covers one member or a whole household.

Use your Health Savings Account the way you want: Your HSA, if you choose to open one, is funded by you. So, it is yours to use for certain health care expenses covered by the plan, or those not covered at all, like contact lenses. Your HSA is also yours to keep if you ever leave the plan; you won't lose those dollars if they're not used. In fact, the carryover from year to year can help you save for future financial needs. See the enclosed insert from our preferred banking partner for more information.

Other optional coverage: You can add more protection for you and your family by purchasing optional dental benefits or life insurance. See your Benefit Guide and the dental and life information in the back of this brochure for more details.

Dental Blue® Plans

Regular dental checkups and cleanings are important to your overall health. That's why we give you the choice of adding one of these Dental Blue plans to your health coverage:

1. **Dental Blue Basic 100:** Gives you coverage for the basics, like routine checkups and fillings. If your dental needs are simple, this may be the right plan for you.
2. **Dental Blue Essential 100:** Includes coverage for the basics, plus services like crowns, bridges, root canals and dentures. If you think you may need major dental work, this is the right plan for you.

- **Dental Blue 200 network:** Includes all of the 100 network, plus even more choices of dentists and specialists. Dental Blue Essential 200 members can save the most on dental care when they choose a dentist from this network.

Things you need to know before you buy...

SmartSense® Plus, Premier Plus, CoreShareSM and Lumenos® HSA Plus

Before choosing a health care plan, please review the following information, along with the other materials enclosed.

Who Can Apply?

You can apply for coverage for yourself or with your family. You must be a resident of Indiana, under the age of 65, not eligible for Medicare and a legal resident of the U.S. Family health coverage includes you, your spouse or domestic partner and any dependent children. Children are covered to the end of the month in which they turn age 26. An eligible dependent may be your children, your spouse or domestic partner's children or a child subject to legal guardianship. In addition, other** eligible dependents, including your grandchildren or other blood relative, who depend on you for 50% of their financial support, can also be covered under this coverage.

**Requires submission of completed Affidavit of Dependency for Indiana Individual Policies.

What's A Pre-Existing Condition?

For applicants age nineteen (19) and older, our plans cover preexisting conditions after you've been enrolled in the plan for 12 months. A pre-existing condition is any medical or physical condition you had in the 12 months right before you enrolled. If you received medical advice, a diagnosis, care or treatment for the condition — or if it was recommended that you do so — that qualifies it as "pre-existing". The pre-existing condition limitation does not apply to applicants under age nineteen (19).

If you apply for coverage within 63 days of terminating your membership with another "creditable" health care plan, then you can use your prior coverage for credit toward the 12-month waiting period. Anthem Blue Cross and Blue Shield will credit the time you were enrolled on the previous plan.

Utilization Management and Case Management

Our Utilization Management (UM) services offer a structured program that monitors and evaluates member care and services. The UM clinical team, which is made up of health care professionals who hold active professional licenses and certificates, perform the prior authorization, concurrent and retrospective review processes explained below. The UM team follows criteria to assist in decisions regarding requests for health care and other covered benefits, and complies with specific timeframes to ensure requests are handled in a timely manner. Our case management services help you to better understand and manage your health conditions.

Prospective Review/Pre-Admission Review

Prospective review (also known as pre-service or pre-admission review) is the process of reviewing a request for a medical procedure or service before it takes place. The review occurs to ensure that: 1) the procedure is medically necessary and 2) the procedure meets your health care plan's specific guidelines prior to being performed. Requests for prospective review may include but are not limited to:

- inpatient hospitalizations
- outpatient procedures
- diagnostic procedures
- therapy services
- durable medical equipment

Prospective review is required for all elective inpatient admissions and certain outpatient services. The review process evaluates medical necessity and the best level of care and assigns expected length of stay if needed.

Concurrent Review

Concurrent review is an ongoing evaluation of a member's hospital stay, as well as ongoing extensions of services that may be needed (such as acute care facilities, skilled nursing facilities, acute rehabilitation facilities, and home health care services). The review includes physicians, member-assigned health care professionals (or member authorized representative) and takes place by telephone, electronically and/or onsite.

Utilization Management and Case Management

(continued) Concurrent review uses pre-set decision criteria in order to approve medical care (deemed to be medically necessary) and assign the right level of care for continued medical treatment. Review decisions are based on the medical information obtained at the time of the review. Concurrent review also helps to coordinate care with behavioral health programs.

Retrospective Review

The retrospective review process consists of obtaining information to determine medical necessity as it relates to services provided without approval or notice ahead of time (e.g. without pre-service notification). Relevant clinical information is required for the retrospective review process. Review decisions are based only on the medical information the doctor or other provider had at the time the member received medical care.

Case Management

Case managers are licensed healthcare professionals who work with you to help you understand your benefits and support your health care needs. The case manager works with you and your doctor to help you better understand and manage your health conditions.

Our Appeal Rights And Confidentiality Policy

If we deny a claim or request for benefits completely or partially, we will notify you in writing. The notice will explain why we denied the claim/request and describe the appeals process. You can appeal decisions that deny or reduce benefits. We encourage you to file appeals right away, when you first get an initial decision from us, but we require that you file within six months of getting one. You should send additional information that supports your appeal and state all the reasons why you feel the appeal request should be granted. We will review your appeal and let you know our decision in writing within 30 days of receiving your first appeal. If you are denied coverage based on medical necessity or experimental/ investigative exclusions, you can request that a board-eligible or board-certified specialist review your appeal. If we deny coverage for reasons other than medical necessity or experimental/ investigative reasons, you can also appeal.

Please call customer service or check your Contract or Certificate of Coverage for more information on our internal appeal and external review processes. Unless our notice of decision includes a different address, send requests for a review of appeal to:

**Anthem Blue Cross and Blue Shield
Appeals Coordinator
P.O. Box 105568
Atlanta, GA 30348-5568**

If we uphold our decision throughout the appeals process, you can request a review by the Indiana Department of Insurance. In addition to the appeals processes we just described, Anthem has adopted a confidentiality policy in Indiana. This policy includes guidelines regarding the protection of confidential member information and a member's right to access and change

information in Anthem's possession. The policy clearly points out when a member needs to sign a release before Anthem can disclose information to a member's provider, spouse or other family members.

We Want You To Be Satisfied

If you aren't satisfied with your coverage, you can cancel it within 30 days after you receive your Contract or Certificate of Coverage or have access to it online, whichever is earlier. If you haven't submitted any claims, you'll get a full refund of the premium you paid when coverage is cancelled within the first 30 days.

You can view your Contract or Certificate of Coverage online or receive a paper copy of it upon request as outlined in your initial membership letter. This document is not a part of the Contract or Certificate of Coverage. If you are approved for coverage, the Contract or Certificate of Coverage you receive will include all the details of your plan. In the event of a conflict between the information in this document and your Contract or Certificate of Coverage, the terms of your Contract or Certificate of Coverage will prevail. Read your Contract or Certificate of Coverage carefully. Anthem has the right to rescind, cancel, terminate or reform your coverage based on provisions described in the Contract or Certificate of Coverage.

This summary of benefits complies with federal and state requirements, including applicable provisions of the recently enacted federal health care reform laws. As we receive additional guidance and clarification on the new health care reform laws from the U.S. Department of Health and Human Services, Department of Labor and Internal Revenue Service, we may be required to make additional changes to this summary of benefits.
