**Premier Plus**

## Our plans fit the way you live.

In an ever-changing world, one thing's for certain: it's important to have health care coverage you can depend on – coverage designed to help fit your budget, and your way of life.

For over 70 years, Anthem Blue Cross and Blue Shield has provided health care coverage and security to our Wisconsin neighbors. And now, we're pleased to offer these same Individual health care plans with added benefits and features from the Affordable Care Act.

You're in charge of your health and budget, and our Individual health care plans help keep it that way. We still offer a wide range of coverage choices as unique as you are. And if you have any questions, we're here to help.

### Experience you can count on

Our goal is to help make your life easier by improving your health and the health care experience. That's why we offer:

- *One of the largest provider networks in Wisconsin.* With more than 10,500 doctors and specialists and nearly 140 hospitals\* throughout the state, chances are your doctor is in one of our networks.
- *A choice of plans to help fit your budget and lifestyle.* No matter where you are in life, we've got a plan designed to help fit your health coverage needs, as well as your budget.
- *Optional dental and life insurance.* To help improve your health even more, we also offer dental and term life coverage, and make it easy to sign up.
- *Coverage that travels with you.* No matter where life takes you, your health coverage goes with you. And the Blue Cross and Blue Shield Association's Blue Card® program makes it easy to access providers throughout the country.
- *ConditionCare* for one-on-one help from professionals trained in managing chronic conditions like asthma, diabetes, coronary artery disease, chronic obstructive pulmonary disease and heart failure.
- *Future Moms*, a program designed to help you have a healthy pregnancy. While not maternity coverage, Future Moms provides educational materials, certain screenings and 24/7 phone access to registered nurses.

# Some definitions, so we're all on the same page

**Network Discounts:** Save on the cost of your coverage with the Blue Preferred Plus® POS Network. Anthem offers a choice of provider networks: Blue Access® (PPO) and Blue Preferred Plus® (POS). The Blue Preferred Plus POS® network offers a lower premium with the same flexibility as our PPO network. With Anthem, you have access to one of the largest provider networks in the state. These network (or participating) providers have agreed to accept lower costs for their covered services to Anthem members — similar to volume discounts. These negotiated costs help lower the overall cost of covered medical services, including your share of those costs.

This is true whether you are paying the whole cost for covered services (such as while you are meeting your deductible), or whether we are sharing the cost. With over 10,500 doctors and specialists and nearly 140 hospitals,\* chances are your provider already takes part. Just visit a network provider to take advantage of the savings.

With our PPO and POS plans, you can always choose to get services outside the network, but your share of the cost will be greater.

**Cost Sharing:** The costs of health care today can be staggering. Health care coverage from Anthem can help protect you against these high costs. With most health care coverage, you pay a monthly premium, then you share some of the cost of covered medical care with the company that provides your health care coverage. The level of cost-sharing you choose directly impacts your premium amount. The more you are willing to share in the costs, the lower your premium. With Anthem, you can choose your level of protection and the level of cost-sharing that works best for your health care needs and budget.

**Deductible** is the amount you have to pay each calendar year (annually) for covered services before your health care plan starts paying. For some services, the plan will even begin to pay before the deductible is met. Most often, the higher a plan's deductible, the lower the premium. In some cases, you may also have a separate deductible for certain services such as prescription drugs.

**Coinsurance** is the percentage of the cost of covered services that you will be responsible for, after your annual deductible is met. With some plans, you have a choice of coinsurance levels. Much like your deductible, selecting a higher coinsurance typically lowers your monthly premium because it increases your share of the cost.

**Copayment** is a specific dollar amount you have to pay for certain covered services.

**Out-of-pocket Maximum** is the most that you would pay in a calendar year for deductible and coinsurance for network covered services. Once you reach this maximum, the plan pays at 100% for most covered services for the rest of the calendar year.

**Prescription Drugs** are medications that must be approved for use by your doctor. We offer varying levels of prescription drug coverage. Depending on the plan, you may have coverage for generic drugs or generic and brand-name drugs.

**Generic Drugs** are prescription drugs that typically have been in use for some time and can be made and distributed by many companies, so their cost can be much lower. Generic drugs must, by law, contain the same active ingredients as their brand-name version and have the same benefit.

**Brand-name Drugs** are prescription drugs that are made and marketed under a registered name. Most often, they are patented and may only be offered by certain manufacturers.

**Formulary** is a list of prescription drugs our health care plans cover. They include generic and preferred brand-name drugs that have been rigorously reviewed and selected by a committee of practicing doctors and clinical pharmacists for their quality and how well they work. We've negotiated lower prices on these formulary drugs, so you'll save when your doctor prescribes medication from our formularies. There can be different formularies for different health care plans. Formulary lists can be found at [anthem.com](http://anthem.com).

# Premier Plus

## Is this the right plan for you?

Premier Plus health plans offer the highest level of benefits for a variety of services. Great for families or for individuals looking for richer benefits, Premier Plus provides the most benefits, including prescription drug coverage, before the deductible of any other plan we have.

## Prescription Drug Coverage

Premier Plus offers broad prescription drug coverage, including benefits for generic and brand-name drugs. There is a separate deductible for brand-name drugs.

You also have the choice to upgrade your prescription drug coverage to remove the separate deductible and have more predictable cost-sharing amounts.

See your Benefit Guide for more details.

## How to Customize your Premier Plus Plan

With Premier Plus, you have some choice and flexibility to change the plan to better meet your needs. Premier Plus offers a choice of:

**Deductible:** You can often lower your premium by choosing a higher deductible. Simply choose the deductible and premium combination that works best for you.

**Coinsurance:** At certain deductible levels, you have a choice of a percentage coinsurance or no coinsurance at all for most care, and coverage at 100% after satisfying your deductible. The zero coinsurance options will increase your levels of coverage, but also your premium amount.

**Doctors' Office Copayment:** You can lower your monthly premium cost by choosing to remove the doctors' office copayment and instead apply those visits to your policy deductible. After your deductible is met, you would pay a coinsurance amount for doctors' office visits with this option.

**Other Optional Coverage:** You add more protection for you and your family by purchasing optional maternity benefits, dental or life insurance. See your Benefit Guide and the dental and life information in the back of this brochure for more details.

## Who Can Apply?

You can apply for coverage for yourself or with your family. You must be a resident of Wisconsin, under the age of 65, not eligible for Medicare and a legal resident of the U.S. You must also not be covered by any other group or individual health plan and meet our underwriting guidelines. Family health coverage includes you, your spouse or domestic partner and any dependent children under the age of 27.

## What's A Pre-Existing Condition?

For applicants age nineteen (19) and older, our plans cover pre-existing conditions after you've been enrolled in the plan for 12 months. A pre-existing condition is any undisclosed condition that was diagnosed, treated or for which a health care provider recommended that you receive care or treatment within the 12 months right before you enrolled. The pre-existing condition limitation does not apply to applicants under age nineteen (19).

If you apply for coverage within 63 days of terminating your membership with another "creditable" health care plan, then you can use your prior coverage for credit toward the 12-month waiting period. Anthem Blue Cross and Blue Shield will credit the time you were enrolled on the previous plan.

## Utilization Management and Case Management

Our Utilization Management (UM) services offer a structured program that monitors and evaluates member care and services. The UM clinical team, which is made up of health care professionals who

hold active professional licenses and certificates, perform the prior authorization, concurrent and retrospective review processes explained below. The UM team follows criteria to assist in decisions regarding requests for health care and other covered benefits, and complies with specific timeframes to ensure requests are handled in a timely manner. Our case management services help you to better understand and manage your health conditions.

### Prospective Review/Pre-Admission Review

Prospective review (also known as pre-service or pre-admission review) is the process of reviewing a request for a medical procedure or service before it takes place. The review occurs to ensure that: 1) the procedure is medically necessary and 2) the procedure meets your health care plan's specific guidelines prior to being performed. Requests for prospective review may include but are not limited to:

- inpatient hospitalizations
- outpatient procedures
- diagnostic procedures
- therapy services
- durable medical equipment

Prospective review is required for all elective inpatient admissions and certain outpatient services. The review process evaluates medical necessity and the best level of care and assigns expected length of stay if needed.

### Concurrent Review

Concurrent review is an ongoing evaluation of a member's hospital stay, as well as ongoing extensions of services that may be needed (such as acute care facilities, skilled nursing facilities, acute rehabilitation facilities, and home health care services). The review includes physicians, member-assigned health care professionals (or member authorized representative) and takes place by telephone, electronically and/or onsite.

Concurrent review uses pre-set decision criteria in order to approve medical care (deemed to be medically necessary) and assign the right level of care for continued medical treatment. Review decisions are based on the medical information obtained at the time of the review. Concurrent review also helps to coordinate care with behavioral health programs.

### Retrospective Review

The retrospective review process consists of obtaining information to determine medical necessity as it relates to services provided without approval or notice ahead of time (e.g., without pre-service notification). Relevant clinical information is required for the retrospective review process. Review decisions are based only on the medical information the doctor or other provider had at the time the member received medical care.

### Case Management

Case managers are licensed healthcare professionals who work with you to help you understand your benefits and support your health care needs. The case manager works with you and your doctor to help you better understand and manage your health conditions.

## Our Appeal Rights and Confidentiality Policy

If we deny a claim or request for benefits completely or partially, we will notify you in writing. The notice will explain why we denied the claim/request. You may contact Customer Service if you have questions concerning the denial. You may also file a grievance by sending a letter to us. You should send any additional information that supports your grievance and state all the reasons why you feel the grievance request should be granted. We will review your grievance and let you know our decision in writing, usually within 30-60 days of receiving your grievance. You may also have the right to request an external review. For more information on the grievance and external review of other rights, please review your Contract or Certificate of Coverage.

In addition to your rights to file a complaint or grievance concerning your claim or benefit denial, you may also be entitled to an

independent review by medical professionals who have no connection to this insurer to address the concerns you have about your claim. Typically, you must first complete the insurer’s internal grievance process before you can initiate an independent review. However, you do not need to complete the grievance process if you need immediate medical treatment and the time period for completing the grievance process will cause a delay that could jeopardize your life or health or we agree with you that it is in everyone’s best interest to proceed with your concern directly to independent review. Unless our notice of decision includes a different address, send requests for a review of appeal to:

**Anthem Blue Cross and Blue Shield**  
**Attn: Wisconsin Grievance Unit**  
**P.O. Box 105568**  
**Atlanta, GA 30348-5568**

You may also contact the Office of the Commissioner of Insurance (OCI), if you have a complaint at: OCI Complaints Department, P.O. Box 7873, Madison, WI 53707-7873 or call at: 1-800-236-8517 / if in Madison at 266-0103. In addition to the appeals processes we just described, Anthem has adopted a confidentiality policy in Wisconsin. This policy includes guidelines regarding the protection of confidential member information and a member’s right to access and change information in Anthem’s possession. The policy clearly points out when a member needs to sign a release before Anthem can disclose information to a member’s provider, spouse or other family members.
